The GY-Z35 is the first GY-Z35 model to feature the new Dual Core 64 bit ARM Cortex A9 CPU which offers 5x faster performance than the previous generation of GY-Z35 CPU. The 8GB internal memory is also a 2x upgrade over the 4GB storage in the previous model. The new 3.0-inch IPS LCD screen of the GY-Z35 features 480 x 432 pixel resolution. While the 8MP dual lens camera is an upgrade over the 4MP in the previous model. The 3G model has HSPA while the 4G model has the 2.0GHz quad-band mobile connectivity. The 2.0GHz dual-core CPU, the improved 8GB internal memory with up to 23GB storage and the up to 3.0 inch display have made the GY-Z35 into the most feature-rich GY-Z35 yet.�s up to us, what we do, how we work together. (He chuckles.) And that's it. I'm really happy with how it came out. I think it's a really good tribute. That's good. Yeah. You've never let us down, right? No, I've never let you down. Might I ask you, though, do you think you may have pushed things a little too far in certain instances? (Laughter.) Even though you didn't mean it? But I mean, let's say that you've had somebody that you're very close with who's sort of at a high level, but you see him getting in trouble, and you don't want to believe that he's doing it, and you have to act. Is that something you want to be able to do for your friend? Yes. Yeah, absolutely. So, if we're going to get in trouble, you're going to come to me? Absolutely. Okay. And you'll come to me, and you'll say, "John, what are we going to do about this?" And I'll say, "The answer is, we're 82157476af
